

Disk Jockey Pro IT

Introducing the Disk Jockey IT PRO! The world's most portable hard disk duplicator is now even better!

Features:

- Standalone HD Mode
- Built in S-ATA Connectors
- Copy Speed
- Bad Sector Skipping
- eS-ATA & USB connection
- Partition Copy Feature
- Option modes

The new Disk Jockey IT Pro features a built-in LCD screen that shows the progress of the operation being performed by the Disk Jockey, from copy to erase, verify to test, you can now see real-time information on elapsed time, time remaining and a visual indicator of any problems that may occur during the operation.

The Disk Jockey IT Pro is versatile, useful, clever and unmatched in value. It's got 7 modes built-in which allow you to do just about anything for less than other similar tools.

The Disk Jockey features multiple modes to suit your needs and is extremely portable, making it the only hard disk copy tool you'll ever need in your office or in the field.

Standalone HD Mode – Mount one or two hard disks to the desktop of your Macintosh or Windows computer through eSATA or USB2.0 without installing any extra drivers.

Mirroring – The Disk Jockey IT Pro allows you to mirror two hard disk drives for real-time backup (RAID level 1). If one drive fails, no worries, you've got that same data on your other drive. Imagine, along with everything else, hardware based mirroring too!

Easy Spanning – Easily make one large volume from two disks attached to the Disk Jockey, then connect the Disk Jockey to your eSATA or or USB2.0 equipped Windows or Macintosh computer.

Fast Disk to Disk Copies – Fast, block-level, hard disk to hard disk copies, no computer required. Copy hard disks without the use of extra software at speeds that will blow your mind! Imagine setting up your company's systems in less time than ever before!

Disk Copy Verification – Allows you to verify that the copy you just made is an exact duplicate ensuring that you have no loss of data.

Hard Disk Read Test – The Disk Jockey IT Pro can perform a sector-by-sector hard disk read test on your drives allowing you to get a better feel for the overall health of your hard disk drive.

Two levels of erase – The Disk Jockey offers two levels of disk erasure. First is a fast, one-pass erase. The second featured erasing technique is the NSA standard three pass erase for the ultimate security. Perfect for government applications when security is imperative.
