

# Image MASter 3000s

## Duplication Speeds Of Up To 3.5GB A Minute!

### Features:-

- Mix different size and model drives in the same load
- Loads any operating system and application software including Windows 3.x/95/98/Me/2000™, XP, UNIX, OS/2 and Macintosh
- Data transfer speeds up to 3.5MB/Min!

**IM3004S**  
Monitor not included

**IM3002S**  
Monitor not included

### Other Features:-

- 68-pin Connectors.
- Windows™ User Interface.
- Handles The Latest SCSI Interface Technology:-

- SCSI-2/Fast SCSI
- Wide SCSI 2
- Ultra SCSI
- Ultra-160
- Ultra-320
- LVD Wide Ultra2

The Image MASter 3000s is a high speed duplication tool designed to copy from one SCSI master hard disk to either two or four target drives. The Image MASter 3000s copies any operating system such as Windows 3.x/Windows 95/98/Me/2000™, XP, OS/2, Macintosh and Unix. The SCSI interfaces provide faster data transmission rates than standard serial and parallel ports. Data transfer speed can exceed 3.5GB per minute and the high speed remains constant regardless of the number of hard drives copied simultaneously.

The Image MASter 3000s partitions and formats target drives automatically. You don't need pre-partitioned drives as your target drives. With the IM3000s, you can copy to different model drives, different manufacturer's drives and copy from smaller to larger drives in the same load.

The IM3000s comes with the Microsoft Windows™ Operating System software already installed. It's graphical user interface is a window that displays on your desktop for point and click simplicity.

### The IM3000s Systems

The Image MASter 3000s is currently available in 2 models:

- **Image MASter 3002**  
Copies 1 to 2 drives
- **Image MASter 3004**  
Copies 1 to 4 drives

# Image MASter 3000

## Built-In Features: -

- **Mix IDE & SCSI drives** - Supports copying from IDE to SCSI or SCSI to IDE optional SCSI to IDE adaptors
- **High Speed SCSI Duplication** - transfer rates can exceed 3.5GB/Min. The high speed remains constant regardless of the number of hard drives copied simultaneously.
- **IQCopy™ & NTFS IQCopy** - The ImageMASter 3000s family features IQCopy™, a time-saving software technology that supports all Windows FAT/NTFS file systems and all Windows OS (95/98/2000/NT/XP) including MS-DOS. The Automatic Load Size Detection feature of IQCopy allows copying only allocated areas of the source drive, skipping empty sectors. The Drive Geometry Independence allows copy to different size and model drives in the same load. All targets will be individually formatted and their partitions properly scaled.
- **Image Copy Mode** - The image Copy Mode copies both allocated and unallocated clusters of a drive. This copy mode implements a sector-by-sector copy method. Because this process is not dependent on any file system, it can be used to duplicate operating systems not based on the FAT file system, such as LINUX, NOVELL, HPFS etc.
- **WipeOut** - The WipeOut copy mode provides two functions to erase all data from target drives. WipeOut Fast will clean drives in one pass using a user-defined pattern value. WipeOut DoD will "sanitize" drives using the Department of Defence standard (7 passes using the DoD standard pattern values).
- **MultiMASter Option** - A major money-saver, MultiMASter allows the user to store up to 24 software loads on a single master drive. MultiMASter eliminates the need for multiple masters and excessive drive handling.
- **Zero defect Copies** - Provides Full Verification.
- **Bad Sector Handling** - Allows flexibility in handling any bad sectors found on the source drive

### System Specifications:-

- Supply Voltage - 110V/60Hz or 220V/50Hz
- Power Consumption - 30W without drives
- Operating Temperature - 5° - 55° C
- Relative Humidity - 20% - 60%  
non-condensing
- Net Weight - 32 lbs/14.5 kg
- Dimensions of Unit - 5.4"x18.8"x17.3"  
137mm x 478mm x 438mm

### Proprietary Adaptors For The Following Notebook Drives:-

- IBM Thinkpad 755/760/701/770
- Toshiba Tecra 700S/730S/500/750/780
- Compaq Armada 7700/4150T/4160T/1700
- Compaq LTE 5000/Armada II/1550DMT
- NEC Versa 4000/6030/NEC II V50E/2650
- Gateway Solo P3C/2300/9100/2100/2200
- Dell Latitude XPI/LM/CP/Dell Inspiron 3000
- HP Omnibook 3000, Digital Hi-Note
- Standard 2.5"

### Other Products:-

- Forensic Tools
- Floppy Disk Copiers
- CD Duplicators
- CD Autoloaders
- CD Printers

---

### Media Duplication Services For:-

- Floppy Disk
- CD
- DVD
- Tape
- Blank Media Supply
- Standard or Customised Packaging
- Fulfilment Service
