

PowerPro II Thermal CD Printer

One Of The World's Fastest CD Printers.

Features:-

- Prints Directly Onto Standard Surface CD-Rs.
- Maximum Print Resolution of 600dpi.
- Prints a CD In Just 15 Seconds Depending On Image Complexity.

- Scratch And Smudge Resistant
- Completely Waterproof.
- Can Be Automated For Ease Of Use.
- Labelling Software And Drivers Included.

The PowerPro II Thermal CD Printer offers an impressive range of features to anyone who duplicates CD-R's or other 120mm optical media such as CD-RW, DVD-R and DVD-RAM. An adaptor kit is also available to enable you to print 8cm CD-R's, rectangular business card cd-r's and the hockey rink shaped business card cd-r's.

As one of the world's fastest CD printers, PowerPro II keeps pace with even the most demanding production schedules. You can print text and graphics directly onto standard surface CD-R's. In addition to black standard ribbons there are also colour ribbons allowing you to print up to three colours on the CD.

PowerPro II is ideal for production environments because of its speed and heavy-duty construction.

The printer comes equipped with software drivers for all current versions of Windows 98, NT and Windows 2000. Also included is its own CD designer software. You'll be able to quickly and easily design CD's that make a high-quality statement about your business or organisation.
