

Write Protect Smart Card Reader

Compact, all-in-one solution for reading 12 different common flash memory media.

Features:-

- High Speed USB 2.0 connection
- Can read data among 4 different media simultaneously
- Backward compatible to USB 1.1

- Unique icon for each media type under My Computer folder
- Complete plug & play

With Write Protect Card Reader transfer data to a PC from digital camera, digital camcorder, PDA, MP3 player, digital voice recorder and more. It can read multiple types of flash memory while blocking any writes to it. A small palm-size package, simple USB 2.0/1.1 connection, no external power requirement make this an attractive choice for any on-site forensic data capture application.

Reads 12 different popular digital media:

- Compaq Flash 1
- Compaq Flash 2
- Smart Media™
- Memory Stick™
- Memory Stick PRO™
- Memory Stick DUO™
- Memory Stick PRO DUO™
- Micro Drive™
- Multimedia Card™
- Secure Digital Card™
- MINI Secure Digital Card™
- XD™ Card*

* (using optional CF adaptor)
